

EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
2027	B.Tech	IIT Kharagpur	7.28 / 10
2022	Class-XII	Narayana Junior College (Telangana State Board)	94.8%
2020	Class-X	Tejaswi High School (CBSE)	94.4%

INTERNSHIPS

Founding Product Intern Insurge AI Hyderabad	Jan 2026 – Mar 2026
- Founding Team Product Manager at Insurge AI, led 0 to 1 product development and pilot execution across multiple real-world AI use cases - Led initial pilot testing with Aakash Institute, Godrej, and Dubai-based real estate firms, driving early-stage adoption & product-market fit - Analyzed 100+ user interviews and feedback to identify friction points, enabling ~20% improvement in task completion rates and product usability	
Summer Management Trainee Hero Motocorp Gurugram	May 2025 – Jun 2025
- Contributed to feature discovery for Freedo Rentals, improving rental flow and UI responsiveness, supporting a 12% rise in weekly active users. - Evaluated and prioritized 30+ features using feasibility and impact matrices, supporting decisions and reducing friction across rental journey. - Assisted in backlog prioritization of 20+ features using Jira, improving sprint alignment and enhancing delivery across product engineering cycles.	
Product Associate Imago AI Gurugram	April 2025 – Jun 2025
- Built and tested Galaxy AI-an agentic Dashboard and a multi-agent system, adding 30+ features to support complex industrial B2B workflows. - Conducted 12+ stakeholder interviews and mapped 8+ model flows, increasing Galaxy Dashboard engagement by 80% through insights. - Authored 40+ PRDs and coordinated 30+ sprints, supporting planning, QA, and delivery for mycotoxin testing and AI platform integration.	
Product Intern Vedapath Remote	Jan 2025 – Feb 2025
- Built and deployed the mobile app using Flutter, developing 10+ interactive learning modules and pushing the product to the Play Store. - Developed an AI-powered chat system using RAG with personal knowledge base, improving Sanskrit text retrieval and tool-assisted search. - Engineered an NLP-based transliteration and grammar-feedback tool with 95% accuracy, enhancing learning immersion across 7 scriptures.	
Indian Institute of Management Supply Chain Analyst Visakhapatnam	May 2024 – Jul 2024
- Analyzed global supply-chain disruptions by abnormal stock-price movements vs. market returns, generating insights for risk identification. - Mapped links across 20+ supply chains and predicted Tier-0 vulnerabilities with 96.38% accuracy using regression modelling on financial data. - Flagged early-stage disruptions with avg 2-week lead time, enabling organizations to enhance operational resilience and reduce mitigation time	

PROJECTS

Avocado Shelf-life Prediction using Spectral Data Research Intern National University of Singapore	May 2024 – Jul 2024
- Applied Principal Component Analysis (PCA) with scikit-learn to reduce dimensions and capture 95% variance in spectral data analysis - Computed correlation matrices using NumPy and pandas, revealing 0.93 correlation between spectral measurements for quality assessment - Developed Random Forest and SVM predictive models achieving 87% accuracy in shelf-life estimation and spoilage probability detection.	
Policy & Financial Impact Assessment TSRTC ISB	Apr 2024 – Jun 2024
- Assessed Maha Lakshmi Scheme's viability using TSRTC reports, estimating 209.87% cash reserve growth and 6.21% asset gain post-subsidy - Built a 3-year revenue-expenditure forecasting model simulating trends; projected a 6.1% YoY improvement in cost recovery by FY2026 - Analyzed regional ridership and pricing trends, identifying a 32% rise in female passengers and 800+ monthly savings for low-income commuters	
Financial Analysis Project VGSOM IIT Kharagpur	Jan 2024 – Apr 2024
- Analyzed 5-year financial data (60+ statements) of NMDC and Jindal Steel, identifying revenue trends, cost drivers, and capital structure. - Conducted comparative valuation using P/E ratio, ROI, and EBITDA across 10+ industry peers, uncovering 3 major competitive advantages. - Increased forecast accuracy by 25% by building dynamic Excel-based financial models, scenario trees, and sensitivity analysis frameworks.	

COMPETITION/CONFERENCE

Suraksha Setu Smart Foot-Over-Bridge System MoRTH Road Safety Hackathon	Feb 2025 - Mar 2025
- Selected as the only team represented from IIT Kharagpur among 5,000+ entries, reaching the top 200 quarter-finalist tier in the national challenge - Designed a 7-feature FOB solution using QR incentives and behavior analysis, supported by 150+ surveys and a cost model for 30+ traffic zones	
High-Resolution Elemental Mapping of Lunar Surface Inter IIT Tech Gold IIT Bombay	Nov 2024 – Dec 2024
- Built Elemental Abundance mapping pipeline with Chandrayaan-2 CLASS XRF data, by lunar surface visualization at 4k resolution via UNet - Applied GMM & Claisse-Quintin model to classify 50+ lunar zones; And >90% accuracy in rock type identification using CIPW norms & XGBoost	

AWARDS AND ACHIEVEMENTS

Gold Medal in Open IIT Case Study Competition, outperforming 400+ IITians with strategy and actionable recommendations for QPo Cabs. Gold Medal in Open IIT Product Management, ranked 1st among 400+ IITians with product strategies & solutions for the FITPASS mobile app. Silver Medal in Open IIT Supply Chain Challenge, among 500+ students, proposing logistics reforms aligned with the PM Gati Shakti Scheme. Gold Medal in C.V. Raman Science Olympiad (State Level), awarded by Srinivasa Ramanujan Foundation for top aptitude & performance. - Achieved 4th Place in the State-Level Painting Competition by the BEE, Ministry of Power, Government of India, among 33,000 participants.	
---	--

SKILLS AND EXPERTISE

Software: Figma, Adobe XD, Photoshop, Canva, Illustrator, Blender, Visio, Excel (Advanced), Tableau
Programming & Development: Python, Dart, JavaScript, HTML, CSS, Flutter, Firebase, Git, Pandas, NumPy, SQL, BigQuery

EXTRA ACADEMIC ACHIEVEMENTS

Technology	- Participated in EY Techathon 2025, Developing a BPO AI Agent & advanced to semi-finals among nationwide participants. - Captain GC Ad-Design, MMM Hall; led 20-member team on WeCredit's Loan Ad Campaign and secured Silver in GC - Vice Captain, GC Case Study MMM Hall; led 18-member team on Deloitte's "Empathy in Workspace"
Cultural	- Led Rangoli Team and Secured Bronze in Rangoli at Inter-Hall Illumination 2024, among 23 halls at IIT Kharagpur - Participated in GC Cultural 2025 as VFX lead for MMM Hall Team, with a team of 12 Members filming on "Inner Self "Theme
Volunteer	- Volunteered at CyPhySS 2023, the event led by AI4ICPS of IIT Kharagpur on applied AI over 200+ Participants - Volunteered for ISRO STC CONFLUENCE 2025, hosted by ISRO and IIT Kharagpur with 70+ delegates
Academics	- Ranked in the top 2% among 250,000 students in JEE Advanced 2022, qualifying for IIT admissions through the JEE. - Ranked in the top 3% among 1 million candidates in JEE Mains 2022, clearing the JEE Mains entrance for top-tier institutions.
